

WEBSITE DEVELOPMENT PROPOSAL

Rent A Car Business Website Development

Project Overview

Thank you for considering Ryzonix for your website development project.

Based on our discussion, we propose the development of a modern, professional, and mobile-friendly website for your Rent A Car business. The website will be designed to help potential customers easily learn about your services and contact you directly through WhatsApp and the contact form.

The goal is to establish a strong online presence, increase customer inquiries, and build trust with visitors.

Website Scope

We will develop a professional business website with the following 4 pages:

1. Home Page

- Business Introduction
- Hero Banner
- Featured Vehicles
- Why Choose Us Section
- Call-to-Action Buttons
- WhatsApp Contact Button

2. About Us

- Company Overview
- Business Mission & Vision
- Experience & Expertise

3. Services

- Rent A Car Services
- Vehicle Categories
- Rental Process Information
- Service Highlights

4. Contact Us

- Contact Form
- WhatsApp Integration
- Phone Number & Email
- Google Maps Location

Features Included

- Professional & Modern Design
- Mobile Responsive Layout
- Fast Loading Website
- WhatsApp Integration
- Contact Form with Email Notifications
- Social Media Integration
- Google Maps Integration
- SSL Security Certificate
- SEO-Friendly Structure
- Basic On-Page SEO
- User-Friendly Navigation
